The Legal Awareness Cell of BMS College of Law, Bangalore organized legal awareness programme in Government PU College, Wadia Road, Basavanagudi, Bangalore on 30 October, 2021.

Dr.Sujatha, Assistant Professor, BMS College of Law, Bangalore,addressed the students on the topic 'Significance of celebration of Deepavali in a safe manner'.The history behind the celebration of Deepavali is to remember the defeat of evil spirit by Lord Rama who was deprived of his kingdom and sent to exile for 14 years.People celebrate Deepavalito commemorate Rama's eventual defeat of the evil spirit of Ravana and his triumphant return to his kingdom. Deepavali illuminates our inner self and the lights of self-reflection. Deepavali is celebration of Prosperity, gives us the strength and the zeal to carry on our work and goodwill for the rest of the year and promising us the success and Prosperity in all future endeavours. It is a festival of-

- Victory of light over Darkness,
- Good over Evil,
- Knowledge over Ignorance.

Deepavali is celebrated by lighting the Diya's, not by bursting crackers. She urged the students to celebrateSafe Deepavali only by lighting Diya's so that you can save nature, environment and eradicate the child labour in the society.

Mrs.Meena, Student of II Semester, 3 Year LL.B addressed the students on 'Right to Life and Health'. She explained about the importance of healthy life in the present pandemic situation. The children are attracted by fireworks which leads to many health issues such as asthma, bodily injuries, etc which are not just affecting the young generation but also the health of senior citizens living in the same vicinity. Fireworks commonly affects eyes, hands, face, head fingers etc. She also discussed about the statistical data about the injuries caused by the fireworks so far.

The speaker also explained about the effects of firecrackers like pollution of environment, fire hazards, noise pollution, etc which will degrade our health and poses threat to our lives. It also affects the lives of animals. Further, she discussed about the precautions to be taken while bursting crackers which includes wearing cotton dresses and adopt other safety measures.

Miss Amritha Shree, 6th semester, 5 YrLL. Bexplained about the role of Honourable Supreme Court of India in banning bursting of crackers during Deepavali festival in Delhi as Delhi stands as most polluted capital in the world through its landmark judgement in Arjun Gopal v. UOI and MC Mehta VS. State of Tamil Nadu.

In 1996 in MC Mehta judgement, the SC issued certain important directives to ensure compliance with the child labour (Prohibition and Regulation Act)1986.

Dr. Gayathri Bai S spoke on the topic 'Bursting of Crackers and Child Labour. Child labour is a curse in Indian society because of which many children are sent to factories to earn livelihood and feed their families. Most of the children are working in fireworks factories in different places in India specially in Shivakasi, Tamil Nadu. The main reason for the child labour in India is poverty because of which children are dropped out from the schools and made to work in factories. As per Child Labour (prohibition) Act, Child Labour is prohibited in India, but because of various reasons we find child labour increasing in India. The speaker highlighted about how children are subjected to risk when they work in fireworks factories, sometimes they lose their lives also and many children are injured due to accidents in fireworks factories. She urged the students not to burst crackers during the festivals as it indirectly encourages to manufacture the crackers to meet the demands of the purchasers which leads to child labour. She also urged the students to create awareness in their neighborhoods about the harm which may be caused by bursting of crackers.

Ms. Bharathvarshini. 6th Semester, B.A LLB Course spoke about the 'Right to Environment'. She spoke about the fundamental duty imposed on citizens as per Indian Constitution to protect the environment and she also spoke about the Precautionary and Polluters Pay principle according to which the manufacturer is liable to pay damages to the victims.

The programme was concluded by interactive session during which many questions were raised by the students and it was well answered by the speakers in a very accusative manner.

Outcome of the programme : Around 300 students participated in the awareness programme and students voluntarily took oath to celebrate Deepavali by lighting Diya's and not bursting

BLOOD DONATION CAMP – REPORT HELD ON 14TH AUGUST 2021

A Blood Donation Camp was organized by the BMSCL Youth Red Society and Covid-19 Cell in association with Indian Red Cross Society and One Nation Youth on a occasion of 75th Independence Day on 14th, August, 2021 at Govt. High School Gavipuram Extn. Bangalore. The blood donation camp was inaugurated by LA Ravi Subramanya, Member of Legislative Assembly, Karnataka and Dr. Anitha F N D'Souza, Principal, BMSCL and the programme coordinator of the College. The chief guest expressed his gratitude to the College for its continuous endeavor in this regard.

The camp began at 9:30 a.m. with overwhelming response from the students and other donors and continued till 4:30 p.m. More than 50 people had willingly registered for blood donation. Haemoglobin level was checked for all the donors and few of them were rejected due to low haemoglobin content. At the end of the day 43 people have donated their blood with a great vivacity.

All the blood donors were given refreshment to re-energize them. Each donor was given a Mask and pen to appreciate and thank them for their heroic act of donating blood and saving many other lives. They were also provided with certificate of appreciation by the hospital as a token of gratitude.

To create covid-19 awareness nearly 200 masks were distributed on the same day.

BMS COLLEGE OF LAW

IMPACT REPORT – EXTENSION ACTIVITY

Social Awareness Event on Female Menstruation

Numerous extension activities have been conducted by BMS over the years. These include blood donation drives, visit to NGOs, old age homes and orphanages, NSS Activities, wall wash in collaboration with Bangalore-based NGO AIKYA, legal aid programmes, flood relief activity, walkathon against sexual harassment and drug abuse and cleanliness drives.

On 15th February, 2020, B.M.S College of Law in association with the B.M.S.C.L Social awareness club and B.M.S.C.L Youth Red Cross Society unit organized a social awareness event on women's menstruation. The event was primarily targeted to spread awareness among young children at an early stage of their life such that they are competent to educate and promote awareness on female hygiene in the future. Students also conducted a street play. The street play was followed by a short session conducted by female volunteers on how a sanitary napkin should be used and measures to maintain clean surrounding during the course. This was followed by distribution of sanitary napkins to female school children and writing pens.

The overall goal is to sow community sentiments amongst law students and to facilitate holistic development. Students are required to take initiation and participate in various community extension activities such as those mentioned above, such that they have an expansive understanding of law as it impacts and is impacted by society.

Following are the key learnings for law students from the Social Awareness Event on Female Menstruation:

- I. Breaking existing taboo: Both male and female students actively took part in the event, showing society that this is a topic to discuss openly so that there is more awareness created. They also conveyed this message to school girls, who are often shy to talk about this topic.
- II. Gender Issues: It is important to sensitize society on important gender issues. The drop-out rate of girls being much higher than boys due to the reason that they are not giving facilities and infrastructure for them to deal with menstruation, it is extremely important for students as well as institutions to be sensitized to problems specifically faced by girls.
- III. Organisational Skills: Students develop skills for organising, and planning such activity. They understand the logistics required for the successful carrying out of such activity and to ensure the items reach the targeted population.
- IV. Social Responsibility: There is character development from this activity as it fosters in students a sense of civic and social responsibility. This is essential for aspirants of law as the essence of law is to promote good society.
- V. Sense of action and commitment: When students themselves take initiative and see through a particular event, they are learning about commitment, communication and the skill of translating plans into action. This motivates them to be innovative and entrepreneurial in their thinking.

Sub: Request to grant attendance

Respected Sir/Madam

Campus 2 Community is a volunteering campaign of motivated youth from different college campuses across Karnataka working for social change with an idea to bridge the gap between the youth in campuses and the community, and also encourage students to understand and identify the issues concerned with the community and address the same at their capacities. We work under five different actions plans - Vikasana, Think and Tinker, Prajna, Anaha and Book Drive.

We are glad to inform that Campus2Community in coordination with Art Matters and Students for development takes immense pleasure to organise "SCHOOL BELL", a mass service activity across the remote rural villages bordering Bengaluru to rejuvenate 150 government schools marking the 150th birth anniversary of Mahatma Gandhi through various activities for developing the infrastructure of school.

With respect to this, we kindly request you to grant attendance as the following students of your college are volunteering the camp on 18th, 20th and 21st of September 2019:-

1. Nirmal Kumar Jain- III Sem B.com LLB
2. Nikith Das -I Sem LLB

Dear Sir/Madam

We truly appreciate and extend our heartfelt thanks to your support and coordination for our mega mass event "SCHOOL BELL" to rejuvenate 150 Govt Schools located in the remote rural villages by sending your (NSS/ART/Architecture) volunteers from the college.

This event was a great opportunity to bring together the diverse institutions and organizations that are willing to work together for the development of community. The time and effort dedicated by you, Students and also Professors from your college for this Campaign is highly appreciated and commendable.

The event "SCHOOL BELL" was a resounding success, but we could not have done it without your support. We would like to take this opportunity to say a heartfelt "THANK YOU" and appreciate your time, energy and zealous support. We look forward to get associated with your for many other projects as such. Once again, thank you so much for your support.

Thanking you

NATIONAL SERVICE SCHEME

In today's scenario we have commonly witnessed that the youth of the nation residing in the urban area usually tend to procure the basic facilities such as transport, healthcare, hygienic and socially active life-style. They usually tend to neglect and almost are unaware of the conditions and situations that the other members of this glorious country live in hence; the government has taken a step to ensure that these young minds do not grow up to neglect and stay uneducated of the other sections of the society. To ensure a practical experience for the young minds the government has introduced the programme known as National Service Scheme or much popularly known as N.S.S. Not many educational institutions in India have adopted this government aided programme in the present times but a few colleges and highly reputed educational institutes do know the value and the level of knowledge this event shares in practical sense and have applied it in real life to educate and help students learn over their course of theoretical education.

N.S.S camp held by B.M.S College of Law

The prestigious institution of B.M.S.C.L has adopted the concept of national service scheme where it encourages its students to be a part of such an educative programme. Having a legacy of more than 50 years. The institution believes its students should learn both practically as well as in the theoretical sense.

LEGAL AID CAMP-DAY-3, 07/04/2017 REPORT

BMS College of Law conducted a legal aid camp at Mavalli for 3 days, that is from 05/04/2017 to 07/04/2017.

The focus area at the camp was primarily to give information to indigenous people regarding their rights for free legal aid at the cost of the state that is given to them under Art 39(A) of our constitution and also advise them to exercise their right judiciously.

During the legal aid camp, we spoke to people who had family dispute, property dispute etc, with an aim to support weaker sections of our society. List of few cases:-

Case 1: Name of the aggrieved party: - Vidya

Mrs. Vidya approached the legal aid camp to find some solutions or to get proper guidance/ assistance in case of property dispute amongst her family members. The property is a self-acquired property of her husband. Vidya has 2 daughters both are married. The elder one being a lawyer herself. Vidya's concern was that, her husband has sold 1123 sqft of his self-acquired property at the rate of Rs.9 Lakhs, which was less than the prevailing market rate, without Vidya's or her second daughter's knowledge. Once, this matter came to light, Vidya was not very happy that the second daughter has not been given any share of her husband's property. The first daughter was very clever, self-centered and she being a lawyer, knew the ways and means of acquiring her father's property all by herself. The second daughter was not very keen of getting any of her father's property. But Vidya wanted to fight for her second daughter. The matter came before the court of law, Vidya spent a lot of money, for fighting her case. In spite of the court's order, her husband gifted certain portion of remaining property to his first daughter.

Vidya claimed that the property that was gifted was the one on which the court passed a stay order. Also, Vidya's husband is absconding since 8 years. The court had passed the order that Vidya should be given a monthly maintenance of Rs.2000 by her husband. But till date she has not received any money from her husband.

We listened to Vidya and looked into the documents that she had brought with her. We asked few relevant questions to get some more clarity.

We advised Vidya that she has to get all documents, court's order that could help us to arrive at some logical conclusion regarding the instant case, hence Vidya had not brought few vital documents. We also gave her contact details of few Advocates, who are nearby her area, and who are cost effective, for second opinion since she had totally lost confidence in the advocate who handled her case.

Case 2: Name of the party: - Latha

Latha is married to a wealthy family who have several properties at Bangalore at prime locations. Latha's husband is deceased. Latha herself is pretty old. Latha's husband has five other siblings. Latha has 3 daughters. When Latha asked for her share to support her family, her elder brother-in-law raised a dispute. The matter came before the Court of Law. The case has been going on since last several years.

Latha's concern was, can the case be expedited owing to her old age.

We advised latha that she can make an urgent hearing application to the court to expedite the matter. Also, if there is an opportunity for compromise, she can explore the same through mediation center, which is also less expensive, less time consuming and the most effective to resolve a dispute.

We also advised to refer the matter to lok Adalat and get the matter compromise at the earliest.

THE BONE MARROW REGISTERY AWARENESS PROGRAM being conducted by the NSS Unit of BMS College of Law in Association with BMCDT-INFOSYS FOUNDATION. The DR. SRINIVAS GOWDA, a retired surgeon from KIMS hospital. He is one of the alumni of BANGALORE MEDICAL COLLEGE and has taken an initiative to form a trust for helping hands to those cancer patients by bone marrow transplantation.

The program started with brief introduction of bone marrow, being a soft tissue present at the core of bone which produces stem cells released periodically. The need for bone marrow transplantation is done when the patient's body stops responding to the treatments like chemotherapy. The statistics states that 125000 people require bone marrow and 9 out of 10 patients do not get it.

The reason for donating bone marrow was also explained stated that 70% of patients find the match from an unrelated donors and the Bangalore medical college trust does this test for free which naturally costs Rs.15000 per test. The problem faced in India is the absence of registry.

The goal of the trust aims at nationwide bone marrow registry of international standards and the achievement of trust that one million HLA typed done.

The procedure of bone marrow transplantation and its criteria was also dealt in the program. It was stated that any healthy person of 18-50 years can sign up as donor. This can be done after going through the consent form in detail.

The question "how do i donate?" "Was also answered in this way where 3ml of blood is taken out for HLA typing and then if match is found then PBSC donation last stage is bone marrow extraction. The PBSC donation stated the procedure states that one injection per days for five days with the following day the blood passes through apheresis machine which separates stem cells and the blood and the blood is put back in to the donor's body.

The point to be noted was the cost of project being 500 crores for one million donor and the trust raised money from the aluminise of Bangalore medical college and Infosys foundation has been of more help. The students of BMSCL were given the consent form with an assurance to provide the certificate and donor card.

The awareness program successfully ended with the quote," BECOME A DONOR, SAVE A LIFE AND SPREAD THE MESSAGE".

A WORD FROM THE STUDENT VOLUNTEERS OF THE NSS UNIT OF BMSCL-

This campaign was an eye opener for every one of the NSS unit because the experience it gave to us was very useful in day to day life. We came across the problems faced by the common man and the ways to tackle them and the practical problems in doing so. This campaign helped us in improving our communication skills and the skill of extracting information from them which is essential for budding advocates like us.

I am grateful to each and every one who was a part of this campaign and helped us in making it a grand success I also would like to thank
