REPORT

WELLNESS PROGRAMMME FOR TEACHING STAFF

Work to LIVE – LIFE matters too

08 May, 2021

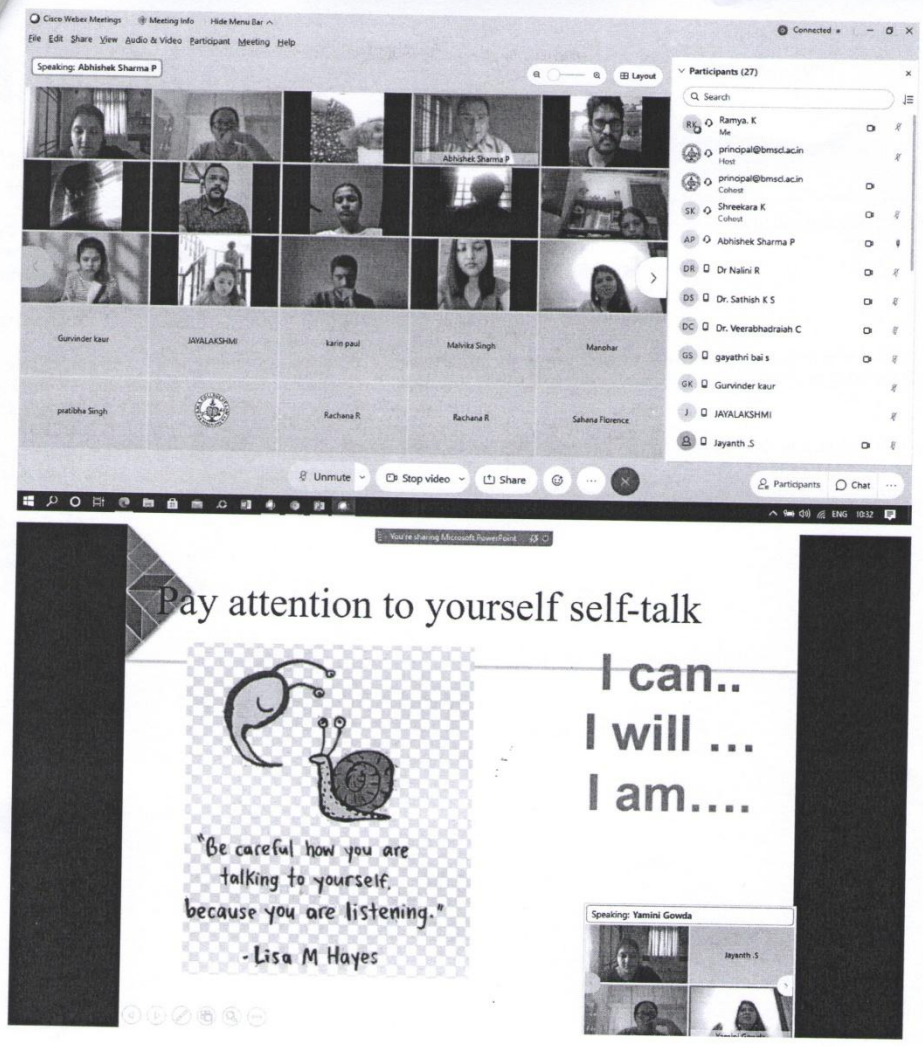

The Pandemic has had its impact on the whole globe. The official space has not remained so anymore. Owing to the Work from home situation, the peers are experiencing increased stress level and there is certainly a need to maintain work-life balance. The strategy to be inculcated to strike this delicate balance between work and life is hard to find.

In view of the same, a wellness program on the topic **"Work to LIVE – LIFE matters too"** was organised by the Cultural Committee for the Teaching Staff of the Institution. Ms. Yamini Gowda. P.C, Assistant Professor, Department of Psychology, Montfort College and a trained Psychologist was the Resource person. The program was virtually convened via *Cisco WeBex*.

An interactive session, which had activities like drawing and the use of colours to enable the peers bring in their subconscious mind to action. The Resource person was successful in convincing the peers about the need to have a healthy and active lifestyle to enable the same to have a positive impact on a one's mental health. The peers were told to define themselves through a drawing and share the same with co-participants which bought the participants together.

Signs of stress though may differ from person to person, the impact it has on any individual can be detrimental, in order to overcome the same, the Resource person listed out and discussed about a few strategies – mindfulness meditation, yoga or any other physical exercise, active lifestyle and trying to demarcate between work space and family space clearly. The session also reinstated the importance of self-awareness and self-care which would certainly facilitate the peers to overcome stress and strike a healthy balance between work and life.

REPORT
CHAIR YOGA TRAINING SESSION (VIRTUAL)
03 October, 2020 – 09:30 AM

Yoga – a practice should rather be transformed into a way of life, for the proven benefits of practicing the same are present before one's eyes. It facilitates the development of a healthy physical body and a mental self, including improved flexibility, more strength, better concentration, improved posture etc.

As a Staff Welfare activity, B.M.S College of Law organised a Virtual Chair Yoga Training Session on 3 October, 2020 at 9.30 AM. The Session was convened via *Cisco Webex* Application. The Session was open for the Teaching faculty members, the Administrative Staff and the Students across all semesters.

Ms. Kshama Kulkarni, a Trainer & Yoga Practitioner, Heartfulness Institute was the Resource Person. The very concept of performing Yoga on a Chair is an innovative one, as people having ailments or those having constraint of time would find it difficult to practice Yoga in its orthodox sense.

The Resource person took the participants through the *nadis (ida, pingala, sushumna)* present in a human being and taught a few techniques to rejuvenate them. Owing to the level of stress the peers experience in their day-to-day life, especially as a result of the Pandemic situation, the Session was a great attempt to address the health needs of the peers. The Resource person concluded the session with a few relaxing techniques which are proven to be beneficial. The session was received well by the participants.

A few screenshots from the same are as hereunder:

The Menstrual Hygiene Campaign took place on the 4th of December 2021 in the BMS PU College for Women. Organised by the teachers and students of the Social Awareness Club and the Earth Club from BMS College of Law, they engaged in spreading awareness, advocacy and knowledge around the importance of menstrual hygiene management. There are many taboos and myths related to menstruation, and the event aimed to break all the taboos and raise awareness among individuals who menstruate and the ones who don't.

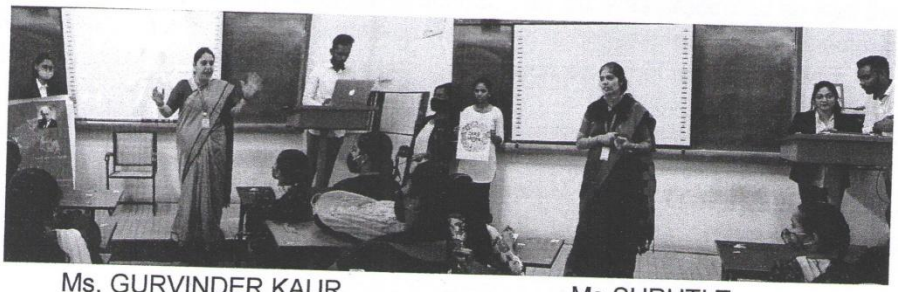

The event was hosted by Ms.Shruti T and Ms.Gurvinder Kaur, who had been a constant support and are the heart and soul of this purposeful event. Along with the two teachers, the program was also led by Ms.PriyankaVaidyanath, Ms.Ramya K and Mr.Rajiv Gopinath by joining the whole team to the venue and assisting at full length to make sure the program ran effortlessly.
Representing the student body, Bhuvangowda (7th semester, Vice President), Thanmayei Raj (5th semester, Cultural secretary), Mayur Manjunath (7th semester) and Aaryan Jayram (8th semester) volunteered and took responsibility of the necessities such as the banners, the menstrual cups that were to be distributed, and the presentation.

The program commenced at 9:30 at the venue by Ms.Gurvindor Kaur and Ms.Shruti. T giving the introductory speech to the girls and present teachers of the BMS PU College for Women. Her short speech was so in detail that the students by the end of her speech already had an idea of what the rest of the program would cover.

Ms. GURVINDER KAUR Ms,SHRUTI.T

Followed by a presentation by student Thanmayei Raj (5th semester) about menstruation, and its connection to religion, the struggles faced by rural girls, ways of disposal and new, alternate options available in the market that are sustainable to the environment, comfortable to the user and cost friendly. The presentation contained three videos, about menstruation, the new types of absorbents and a step by step process of how to use a menstruation cup.

In continuation to the presentation, a few girls from the 1st semester took over with a short skit that spoke about a young girl from a rural area who is experiencing menstruation for the first time and is confused, experiencing discomfort and pain, yet, the family is not very supportive of her and sends her off to an isolated place, away from her home and what is called a "period hut". The young girl is asked to drop out of school. The skit was presented so well that eveh minimum narration the audience were able to understand the pain and struggle of the character, the concept of how such a normal occurrence is a major taboo in a lot of places in India.

1ST SEMESTER GIRLS, SKIT

The program was carried forward by Ms.PriyankaVaidyanath. Maam briefly explained the method of using a menstruation cup. She explained the removal and insertion of the production, the way to keep the produced hygienic and filled in confidence in these young girls that it is an absolutely pain free process.

Ms.PRIYANKA VAIDYANATH,
EXPLAINING THE USE OF A MENSTRUAL CUP

Coming to the end of this thoughtful event, the teachers distributed menstrual cups to every girl who was willing to try it and make some changes in her habits. We had purchased 30 cups for distribution and it was a relief to see that all the 30 cups were distributed and that our presentation had an impact on these young girls' minds and many were willing to give it a try. The team of SOCIAL AWARENESS CLUB and EARTH CLUB, BMSCL also promised that in case the rest of the girls changed their minds and wanted to use these cups, we would be happy to contribute by distributing more of these cups.
