Proposal for Borewell Repair

B M S COLLEGE OF ARCHITECTURE, BENGALURU-560 019.

Note:

Sub: Repair of submersible borewell pump due to the silty water

Based on the oral information from both the college (BMSCL & BMSCA) as they found silty water from all taps.

After inspection and subsequent direction from Director (Projects), we have decided to rectify the borewell submersible pump.

M/s Sri Annapurneshwari Borewell and pumps team visited the site and submitted the quotation. The cost works out Rs. 31,240/- incl GST, which includes removing and re-erection and borewell scanning only (costing as per actuals).

After lifting the pump any defects found like damage of pipe, collar or any other fixtures, cost of material and labour charges will be additional. (Approx additional cost amounting to Rs.13,000/- excl GST).

Hence the total approx. cost works out to Rs. 45,000/- approximately.

As the nature of work is urgent, approval is requested and further action please.
