The first one is "*Hearing rule*" which states that the person or party who is affected by the decision made by the Panel of expert members should be given a fair opportunity to express his point of view to defend himself. Secondly, "*Bias rule*" generally expresses that Panel of expert should be free from bias while taking the decision. The decision should be given in a free and fair manner which can fulfil the rule of natural justice. And thirdly, "*Reasoned Decision*" which states that order, decision or judgement of the Court given by the Presiding authorities with a valid and reasonable ground. The principles of Natural Justice have been adopted and followed by the judiciary to protect public rights against the arbitrary decision by the administrative authority.
